PROFESSIONAL SUMMARY

Hardworking Computer Science student with expertise in object-oriented programming, web development, and database management. Seeking internship opportunities to further enhance skills and gain hands-on experience in software engineering roles.

EDUCATION

Qassim University   Jul 2019 – Present
Bachelor's Degree in Computer Science   *Current GPA: 4.62/5*

RELEVANT COURSES

- Design and Analysis of Algorithms

- Data Structures

- Object-Oriented Programming

PROJECTS

Finance | *Python, Flask, IEXCloud API, Git*

- Developed a web application simulating a stock trading platform, allowing users to create accounts, search stocks, view real-time prices, trade shares, and track their portfolio.
- Github link

Postify | *PHP, Laravel, MYSQL Database, Git*

- Developed a web application allow you to create posts and interact with other users
- Allows users to create accounts, create and delete posts, like others posts
- Github link

User RESTful API | *JavaScript, Express.js, MongoDB, Node.js, Git*

- Built a scalable REST API with authentication managing user accounts and profiles using MongoDB as the database. API serves over 500 requests per minute
- Github link

SKILLS

Technical Skills:

- Programming Languages: Python, Java, PHP

- Web Development: HTML, CSS, JavaScript

- Back-end Development: Laravel, Express.js, Flask

- Databases: MYSQL, MongoDB

Soft Skills:

- Problem-Solving

- Teamwork and Collaboration

- Effective Communication
